How can I display the students' Turnitin assignment scores as Letter Grades?

In the course site where you would like to display a Turnitin score as a Letter grade (as opposed to a numerical value), please do the following:

- Access the course site
- Click on Grade Center (in the Control Panel) > Full Grade Center
- Scroll to the column of the Turnitin assignment (e.g. Paper 2)
- Click on the chevron on the right side of the words “Paper 2”
- In the drop-down menu, click on the link **Edit Column Information**
- Under **Item 1. Primary Display**, click on the drop-down menu and select “Letter”
- Scroll down and click on **Submit**

The score assigned to this Turnitin assignment will be displayed as a Letter Grade.
